Overview

Welcome to your dream property, located on the north side of the Meeker Dome and within 5 miles of the Town of Meeker and Pioneers Medical Center! This fully fenced, 333.11 acre parcel offers multiple opportunities for your use. Currently, it's perfect for livestock grazing and rotational pasture ground. Still, it can easily be a residential ranch, single family property, or an expansive subdivision with multiple 35 acre lots. A domestic solar-powered well is installed and connected to two livestock tanks, but it can be used for domestic household water in a single-family residence. But that's not all - the local wildlife uses a centrally located seasonal pond, and this property also offers mule deer/antelope hunting opportunities in GMU 23. Imagine the possibilities and how you would use this phenomenal property nestled in the picturesque valley with its stunning 360-degree views. This improved land near Meeker Dome perfectly blends practicality and natural beauty. Don't miss this opportunity to own your slice of paradise in Colorado!
