Overview

These 5 +/- Acre tracts are located on Lee Road 278 in Salem, AL. They consist of thinned style pines that have been managed and there are several roads that run through the property. The tracts are unrestricted, and power is going to be available at the main road. This is your chance to live in a very quiet country setting, but close enough to town for amenities. Several potential homesites and areas that could be made to pasture or cleared are on several pieces of this property. The option to buy more than this tract and add to this acreage can be negotiated.
