Overview

Grab this opportunity to put your own touches on this to be built home. This stunning 4 bedroom, 2 bathroom home, features so much space in an open concept home. As you come in you are greeted by a covered porch and enter into a beautiful foyer. You will find a split floorplan with two guest bedrooms at the front of the home and the primary suite and primary bath to the rear of the home. The primary bath features soaking tub, large separate shower, double sinks and huge closet! The open floor plan features an expansive great room with vaulted ceiling, dining area off the kitchen with large picture window and sliders onto your 12x12 patio. The large kitchen comes with granite countertops; large center island, and large pantry. You will also enjoy the main floor laundry. The lower level features an egress window, bathroom rough-in; sump pump; insulation blanket as well as a lifetime waterproof warranty on the foundation. 1 year builder warranty as well as a 10 year limited warranty.
