## Overview

This recently updated, 4 Bedroom Elan-powered SMART HOME Estate on 4+ Acres in Barrington was built in 1996 by Michael J Graft Builder Inc. This home has been meticulously maintained with an accompanying list of all updates to this incredible property. This picturesque home rests in the back of the neighborhood on a private cul-de-sac. The long driveway leading to the home overlooks the estate surrounded by mature trees and wetlands providing ultimate privacy while offering remarkable views. The ambiance begins with state-of-the-art exterior surround sound and lighting and continues throughout the interior of the home with built-in speakers. The custom kitchen was fully renovated in 2017 with over \$200k spent creating a masterpiece. Some of the many features include a Miele double oven, Bosch Microwave drawer, Jenn-Air Refrigerator/freezer, radiant heated floors, automatic shades, and 4-inch leathered granite countertops. The sunroom, renovated in 2023 features a custom Hestan grill, side burner and Custom hood to make any grill master's dreams come true. A new Euroshield Roof and Velux Automatic skylights were all replaced in 2016. The basement rivals any country club offering a custom-built bar and wine cellar, red rock fireplace, built-in theater, and steam room shower. Each bedroom has a custom tray ceiling, walk-in closet, and bathroom. The primary bedroom sits on its own wing of the home providing tranquility and privacy. There

are not many opportunities to own a home as spectacular as this one! This home has too many upgrades to offer in a typical listing description, review our additional home details for information on all upgrades.
