Overview

Step into this inviting ranch over full basement with a lot of space! As you enter into the home the nice and open foyer goes into the open concept living room and dining room. The living room has large windows that bring in the natural light and in the winter you can relax by the cozy fireplace. The dining room has hard wood floors that flow right into the kitchen and breakfast nook area to enjoy your morning coffee or tea. The french doors lead out to the spacious sunroom that is perfect for entertaining as it brings you out to the deck or just starting your day enjoying nature. There is a half bath that is freshly painted and laundry room off from the kitchen with access to the 2 car garage. Down the hallway is the master suite that has trey ceilings with a walk - in closet, a master bath that has a separate shower and soaking tub with double vanity that was just freshly painted along with the other bathroom. There is also a bedroom that has a wainscoting accent wall with a half moon window. The finished basement has new lvp floors and an extra bedroom and bathroom. Nice family room with built ins and refrigerator with a shelf that could be turned into a possible kitchenette. Bonus room can be used for an office or game room. You can head outside to the private backyard through the boat garage that also can be used as a workshop.
