Overview

Welcome home to this beautiful, serene acreage in the much-desired Washington school district! Waiting for you is 19 acres MOL of mostly wooded, raw land. The adjacent 38 acres to the south has been surveyed into 2 separate 19 acre parcels. Tracts 2 and 3 can be purchased for \$380, 000 for both. Previously used as a hunting lease, this acreage is still home for many wildlife and fruit trees! A portion of the land has been cleared to facilitate your dreams of building a custom home! The views are truly one-of-a kind with mature trees, breathtaking sunsets and in certain spots, the town of Norman can be seen. Don't miss this one!
