Overview

Beautiful 4 bed, 3 bath Ranch home! Over 3000 sq foot home to make YOURS! 3 Bedrooms on the main floor with all larger walk in closets. The kitchen, with some newer appliances to include a gas range has plenty of cabinet space. The kitchen faucet is a smart faucet and touch. This GREAT ROOM, with vaulted ceilings and great views out the larger windows leads out to the back deck with a sunken hot tub. Laundry room on the main floor for ease of use right in the garage entrance to the home. The walk out basement features plenty of room for a FAMILY ROOM and extra storage. 4th Bedroom ensuite with custom cabinetry, granite counter top, HEATED tile floor in the bathroom and soaker tub could also be used for a primary bedroom / bathroom, to include 2 walk in closets. The front shed was used for animals. Plenty of room in the red shed behind home.
