Overview

Welcome to the Apollo , a tastefully designed modern style home with vaulted ceilings and a private primary suite located on it's own level of the home. Your new build can be complete in 6-8 months, with little down, and and no construction loan needed. Other great features of the home include solid core interior doors, solid surface counters, soft close cabinetry, 24' minimum garage depth, low voltage/work from home internet/ethernet set up and lots of other important things for your next home. Great opportunity to build a home in Hudson at a reasonable price and get something that isn't cookie cutter
