Overview

Located just south of Mena, you won't want to miss all this twelve acre property has to offer. Starting with the remodeled 4 bedroom 2 bath with two fireplaces, central air and heat, carport, and wait until you see the enormous shade trees! The living room is open concept and is adjacent to the kitchen and dining areas. Large laundry room, hall bath and more. This home has a fabulous master suite with its own fireplace and sitting area. Large master bath with separate shower and tub. Outside there is a small pond, seasonal creek, large workshop with electricity, small house that would convert to an art studio or a guest cottage. There is a nice deck with a mountain view, barn for livestock and a small chicken coop. This property has everything you are looking for and won't last long!
