Overview

Wilbraham - acreage with the ability to develop. This parcel of land abuts Wilbraham Country Club and is very flat and open. One could live right on the edge of the fairway of one of the fairways. The opportunities are endless for what one could do with the property. It would make an excellent equestrian center with ample room for an indoor riding arena and plenty of open outdoor riding as well. The property produced quality hay for many years and the fields will continue to produce if that was desired. This parcel would also make a wonderful hobby farm right out your own back door. Come build your dream home and work the land and raise all your own fruits and vegetables as well as any livestock that you would like to manage. This is truly a once in a lifetime opportunity to own such a spectacular piece of property in Wilbraham. This has been in the same family's ownership for a lifetime. Buyer should do their due diligence and verify all property potential uses with the town.
