Overview

3 THIS PROPERTY is a MUST SEE!!! Masterfully maintained and restored, this 1810 home was originally designed and built by Charles Bulfinch, America's first American born architect. Born in 1763 BULFINCH also designed the MA State House, US Capitol and many other important buildings and churches and private homes in the Boston area. This home has been lovingly restored w today's modern features including new architectural windows w sound attenuating glass, tile baths, quartz countertops, hardwood flooring throughout, natural gas heat and tankless hot h2o and other energy efficient upgrades. Originally over 4, 400 SF this home is now two separate units of over 2, 200 SF each or can be used as Single Family. These spacious units also feature all new heating and cooling, exterior patio, and original forged iron fencing in front yard undergoing full restoration. Don't miss out on this uniquely spectacular and historical home!
