Overview

ABSOLUTELY STUNNING Mediterranean home tucked away on 10 wooded acres of cedars and pines. This 2 story stucco home with clay tile roof is a one of a kind with balconies on the front and back overlooking the natural beauty of the land. Attention to detail throughout! Downstairs master retreat has a generous sized ensuite bath and walkin closet. The office could make a fantastic art studio with all the windows. Open concept floor plan with 22 ft ceiling. Kitchen has an oversized island, granite countertops, 2 sinks, custom oak cabinets and stainless steel appliances. Living area has a corner fireplace. Covered back porch just off the dining area. Access the front balcony from one of the secondary bedrooms which could serve as a 2nd master. Upstairs living area allows access to the back balcony. Garage has an oversized door for tall vehicles. Original mobile home next to the property entrance will be moved creating the perfect location for a roadside shop or business with circular drive
