Overview

NEW TO THE MARKET!! Fabulous quality home in a park-like setting on 1.8 acres of ground conveniently located along East Jasper Street. Brick home is 2 bedroom, 1 bath with charming living room with fireplace, separate dining area and kitchen with built-in appliances. Large laundry room and attached garage as well as another detached garage just steps from the house. Covered patio off the dining area of the main home and partially fenced and beautifully landscaped yard. Property also includes another 2-car detached garage and another 1530 sq.ft. brick building...The south end of this building is a nice in-law/rental apartment whatever may be the needs with a living area, small kitchen, office space, one bedroom and full bath all with separate GFA/CA system. The shop has a drive in garage with drain and floored attic storage above, separate utility area, full bath and two more office/shop areas. Please note the shop/office does have its own GFA/CA as well. So many possibilities with this property containing 3 parcels. Most recently used as Residential home with Commercial business on site. Newer roofs and so much more...Call for more information or to view. PLEASE NOTE: These parcels are being sold as one and not as separate sales.
