Overview

This 58.31 acre tract is located in northeast Lincoln County and fronts Hopewell Road. The tract offers an old home site, complete with a very usable 30' x 48' concrete slab. This concrete slab could be used to park an RV or camper, or to just park equipment. The land offers a good stand of pine timber near the front of the property and a great stand of hardwood timber on the other side of the creek. The beautiful spring fed creek offers wonderful views and offers a great water source for wildlife. Speaking of wildlife, this tract offers very good hunting for both deer and turkey, as well as small game. Trust me... you will like what you see when you come take a look at this place. There is one established food plot and one shooting house. There are also two ladder stands that will stay with the property. Make time to come take a look at this tract... you won't be disappointed.
