Overview

This home was originally a single wide manufactured home, but the size has more than doubled with additions that are not reflected in the CAD- a master bedroom in the front, kitchen, dining and a bonus room in the back. Step out onto the expansive wooden decking that surrounds a large portion of the home, offering the perfect setting for outdoor entertaining. The concrete patio provides additional space for alfresco dining, gatherings, or simply soaking up the sun. Convenience and functionality are at the forefront of this property, with a 2-car carport and a separate storage shed. The larger storage shed in the back houses the washer, dryer, and water heater, ensuring your essential household needs are seamlessly accommodated. This property offers a unique opportunity to create your own oasis in a desirable location. Located in Canyon Springs Resort, this charming Texas Hill Country property is just minutes away from Canyon Lake Boat Ramp 8, Cranes Mill Park and the Marina. This property is being sold "as is".
