Overview

Welcome home! This home is in the desirable Promontory subdivision! It is an Aspen built home, so the finishes are upgraded-granite countertops and tile backsplashes in the kitchen. Newer LVP flooring throughout the main level and newer carpet upstairs. 3 bedrooms, 3 bathrooms and an upstairs loft. A/C, tankless water heater and stainless-steel appliances. The basement is unfinished and has rough ins for a bathroom-so there is room to grow. There is added concrete i the backyard-so it#039;s made for entertaining. It#039;s in the Windsor/Severance school district.
