Overview

Perched on one of Wildridge's most scenic cul-de-sacs, 2869 O'Neal Spur is a terrific family home including 6 bedrooms and baths and a spacious main level that has been remodeled beautifully to encompass all of the 180-degree views. The primary bedroom suite is upstairs in a private alcove with a gorgeous bathroom with soaking tub, granite countertops and floors and a deck for your private enjoyment. An office/second bedroom and full bath is right next door on the upper level. The lower level includes two large bedrooms and baths adjoining the family room with built-in entertainment center. The lowest level, accessible by a custom circular staircase, is made for fun. It includes two huge bunk rooms with custom bunks and a new bathroom to accommodate lots of children and grandchildren. The two-car, extra deep garage has hot and cold water, a refrigerator and microwave oven, storage space and accommodates large SUV's. There is another parking spot beside the garage in addition to surface parking. A terrific children's playground/dog park is located at the end of the street. Ref: 36932-250868954
