Overview

Walden Woods condominium community is a striking destination. A combination of natural features and the bells and whistles you desire. This unit has almost 1,500 main floor sf plus another 1,000 or so finished on the lower walkout level. Two bedrooms and two full baths on the main level and a third bedroom and full bath on the lower level. Architectural glass and ceramic in the master bath, with walk-in closet and linen closet. An open kitchen design with stainless appliances, granite counters, and pantry. Main floor laundry. There is a ton of ambient light from the southerly orientation of the deck and patio, and a pond is just off the back yard. Tray ceilings in the dining area and master bedroom suite, with 9' ceilings, continued on the walkout level. A gorgeous community pool.
