Overview

Unique property in quiet setting. This property consists of not one but TWO beautiful updated homes on just over 8 acres in the private Cassidy Lake area. One of the homes was built in 2011 and the other in 2014 by the same family and both are very well maintained with beautiful floors, cabinets, countertops, etc. Both homes also have walk-out basements, giving them a finished living area of 3,800 SqFt together. To top it off, while walking through the land which can be a hunters paradise, you end up at 45 feet of lake frontage on private Cassidy Lake. This property is ideal for someone who wants to rent out one house or use it as an in-law suite or maybe just spread out a large family. Possession is depending on sellers new construction being ready by September/October. One of the homes can be available sooner if needed.
